Toby Cheng

PRODUCT DESIGN | UXUI

Product Designer with 10+ years of experience delivering end-to-end product design across FinTech, banking, and data-rich platforms. I specialise in simplifying complex financial concepts—FX flows, onboarding, KYC/verification, trading data—into clear, trustworthy mobile experiences. Skilled in cross-functional collaboration with PMs, engineers, research, compliance, and risk. I design with data and user insights, balancing business impact, user needs, and technical feasibility.
